

VICTOR LUGARD ALFA

Texas, United States | 469-951-6609 | Lordlugard50@gmail.com | Website: <https://lordlugard50.github.io/> | Lugard Foundation: <https://www.lugardfoundation.com/>

EDUCATION

- **The University of Texas at Dallas**
 - Ph.D., Public Policy and Political Economy (In Progress)
Expected Graduation: 2028
 - Master of Science, Social Data Analytics
Expected Graduation: May 2026
 - **Babcock University**
 - M.Sc., Political Economy and International Relations 2023
 - **Kogi State University**
 - B.Sc., Political Science and International Relations 2014
-

EXPERIENCE

• RESEARCH INTERESTS

- Political Economy of Development
Digital Governance & Cybersecurity Policy
Military Expenditure & Development
Natural Resource Governance
State Capacity & Institutional Reform
AI & Machine Learning in Public Policy
African Political Economy

• TEACHING EXPERIENCE

- **Teaching Assistant**
 - **The University of Texas at Dallas**
August 2023 – Present
 - **Assistant Lecturer**
 - Kogi State Polytechnic, Nigeria
October 2016 – November 2018
-
-

• PROFESSIONAL CERTIFICATION

- **Google Cybersecurity Professional Certificate**
Completed January 2026

● **TECHNICAL & METHODOLOGICAL COMPETENCE**

- Statistical & Programming Tools
R (caret, regression modeling, boosted trees, survival analysis)
Python (foundational)
SQL
Linux (security applications)
- Methods
Multivariate Regression
Classification & Regression Trees
Boosted Models
Survival Analysis
Policy-Oriented Data Visualization
Quantitative Research Design

● **LEADERSHIP & SERVICE**

- Founder & President
Lugard Foundation
- Volunteer
Slum to School NGO
- NYSC State Honorary Award – Zamfara State

● **RESEARCH METHODS & ANALYTICAL SKILLS**

- Multivariate Regression Analysis
Statistical Inference
Predictive Modeling
Classification & Regression Trees (CART)
Boosted Regression Models
Survival Analysis
Model Tuning & Cross-Validation
Policy-Oriented Data Visualization
Quantitative Research Design
Causal Analysis (Foundational)
Socio-Economic Data Modeling

● **PROGRAMMING & COMPUTATIONAL TOOLS**

- R (caret, regression modeling, boosted trees, survival analysis)
Python (Foundational Data Analysis)
SQL
Linux (Security & Systems Fundamentals)
Microsoft Excel (Advanced Data Analysis)
Microsoft Office Suite
